

Vehicle Barcodes

All vehicles parked inside the residential community are required to have an ICW Barcode.

Contractor vehicles are allowed from 8am to 8pm as long as the vehicle is clearly identified as a commercial company vehicle, and it is stationed at a parking space allocated for a vehicle within the residence for whom the work is being done. Otherwise the vehicle may be towed at the owner's expense.

Barcodes, regardless of the color, are non transferable, non refundable, and may not be replaced without a purchase. They are NOT to be altered or adhered to the vehicle with tape or anything else other than the original adhesive.
